

RUBY & SCARLETT

PAPER KEEPSAKES

Ink Colours

Customise your wedding stationery with these colors from the Ruby & Scarlett palette. Other colours are available on request to match fabric, paper or Pantone colour swatches (please note an extra fee may apply for custom-mixed letterpress inks). Please note: colours on screen display differently from one monitor to another, and may appear differently to the actual colour when printed. Colours as they display on screen are therefore a guide only - variation occurs due to differences in printing techniques, ink and paper.
